

WORK ON FOR FUTURE COMMUTING

Yogesh Chawda

The work on the elevated bullet train corridor connecting Sabarmati station to platform no. 12 of the Kalupur railway station is on in full swing. The corridor passes over the Sabarmati. It will run parallel to the Ahmedabad-Sabarmati railway track. The NHRSC has already assigned the work for the entire elevated corridor from Sabarmati to Vapi in Gujarat. It had recently allotted the work for laying the bullet train track on the Vadodara-Vapi section
